- b) the reported outcomes and outputs, and quantification of the outputs to the extent practicable, in the statement of service performance are suitable.

Basis for opinion

We conducted our audit of the consolidated statement of financial position, the consolidated statement of revenue and expenses, the consolidated statement of cash flows and the related notes to the consolidated performance report that include accounting policies and other explanatory information, in accordance with International Standards on Auditing (New Zealand) (ISAs (NZ)). The audit of the entity information and the consolidated statement of service performance was conducted in accordance with International Standard on Assurance Engagements (New Zealand) 3000 (Revised) (ISAE (NZ) 3000).

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated performance report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Group in accordance with Professional and Ethical Standard 1 (Revised) *Code of Ethics for Assurance Practitioners* (PES 1) issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Other than in our capacity as auditor we have no relationship with, or interests in, the Group.

Information other than the consolidated performance report and auditor's report

The Trustees are responsible for the annual report. Our opinion on the consolidated performance report does not cover the other information included in the annual report and we do not and will not express any form of assurance conclusion on the other information. At the time of our audit, there was no other information available to us.

In connection with our audit of the consolidated performance report, if other information is included in the annual report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated performance report or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibilities of the Trustees for the consolidated performance report

The Trustees are responsible, on behalf of the Trust, for identifying outcomes and outputs, and quantifying outputs to the extent practicable, that are relevant, reliable, comparable and understandable, to report in the statement of service performance.

The Trustees are also responsible, on behalf of the Trust, for the preparation and fair presentation of the consolidated performance report in accordance with Public Benefit Entity Simple Format Reporting – Accrual (Not-For-Profit), and for such internal control as the Trustees determine is necessary to enable the preparation of the consolidated performance report that is free from material misstatement, whether due to fraud or error.

In preparing the consolidated performance report, the Trustees are responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the consolidated performance report

Our objectives are to obtain reasonable assurance about whether the consolidated performance report, as a whole, is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (NZ) or ISAE (NZ) 3000 will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this consolidated performance report.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated performance report, including performing procedures to obtain evidence about and evaluating whether the reported outcomes and outputs and quantification of the outputs to the extent practicable, are relevant, reliable, comparable and understandable.

As part of our audit we perform procedures to obtain evidence about and evaluate whether the reported outcomes and outputs, and quantification of the outputs to the extent practicable, are relevant, reliable, comparable and understandable.

A further description of our responsibilities for the audit of the consolidated performance report is located at the External Reporting Board's website at:
